

# SERM

## 2021

This year, will be focused on **“Recovery through Biodiversity”** driven by covid pandemic.

Join a 4-day experience as an opportunity to learn more about forest ecosystems, species and biodiversity, analyzing how all of the above have been affected by the Covid-19 pandemic.

If you are interested in Forestry, or you are worried about Covid's impact in forests and daily life as known, this is your chance.

It is our pleasure to be part of IFSA's continuously developing network.

# Recovery through Biodiversity

6-9 MAY 2021

We are happy to announce this year's Southern European Regional Meeting!

*SERM 2021* will be held in Greece, between the 6th and the 9th of May.

The most up-to-date event about Biodiversity in Europe!

**LC Thessaloniki**
